# Spot the powerline in this picture.

We all need to be aware of the hidden dangers of powerlines in trees. These lines are carrying electricity and a single touch could be fatal. Never attempt to trim trees in or around powerlines. Trimming near live lines is a specialist job that requires a great deal of skill and knowledge.

If you're concerned about trees coming into contact with powerlines near your place please call ENERGEX on 13 12 53 for advice immediately. For more information on the ENERGEX safe tree program visit [www.energex.com.au](http://www.energex.com.au)

Don't be blind to powerlines

positive energy
